

Jon Horek Biography

Jon Horek is Vice President of the hydrogen business at Invenergy, North America's leading privately-held developer, owner, and operator of clean energy projects. Prior to Invenergy, he spent 15 years as an engineering consultant and project manager at Sargent & Lundy, advising clients and delivering energy and power infrastructure projects in a wide variety of sectors. He began his career developing advanced fuel efficiency technology in the diesel trucking industry and has always worked with customers who are navigating the energy transition. Horek is an alumnus of the Emerging Leaders Program at the Chicago Council on Global Affairs and a current member of the Illinois Hydrogen Economy Task Force. He received his PhD in mechanical engineering from Northwestern University on a National Science Foundation Graduate Research Fellowship and his BS in mechanical engineering from the University of Illinois at Urbana-Champaign.
