

Michael Hursh Biography

Michael Hursh has 10+ years of experience working at the intersection of energy and technology - from utility scale generation down to DERs and end-use. At Schneider Michael supports the company's US strategy, focusing on how the business positions itself in the rapidly evolving energy transition - recently focusing on supporting the growing load from data centers and AI. Prior to Schneider, Michael worked at GE, PwC/Strategy& and NERA Economic Consulting in various strategy and M&A roles. Michael received his MBA from Northwestern's Kellogg School of Management and his BA from Tufts University.
