

## **Linn Edda Sommer Biography**

**Linn Edda Sommer** has been working for Topsoe R&D at their headquarter in Denmark for more than 13 years, and is currently holding a position as R&D Director for Carbon Utilization Catalysts.

Linn's technical background is material science, and she obtained her PhD in heterogeneous catalysis working on zeolites for methanol to hydrocarbon conversions (University of Oslo, Norway). Throughout the past 10 years, Linn has managed catalyst development programs covering classical oil refining and petrochemical applications, renewable and now CO<sub>2</sub> based fuel applications.
